Throughout F2 children will develop their gross and fine motor skills to enable them to progress to using a comfortable grip with good control when holding pencils and pens. This development is facilitated throughout the year through access to a range of activities and resources appropriate to children’s fine and gross motor development. Children’s pivot and pencil grip is assessed continually using the fine motor display in class and practitioner encourage children to access activities which are appropriate to their stage of development.				
Pivot	<u>Shoulder Pivot –</u> All or most of the movement coming from the shoulder	<u>Simple Elbow Pivot –</u> When the elbow starts to bend – movement coming from the elbow	<u>Advanced Elbow Pivot –</u> Shoulder supports but the elbow moves child has a stiff wrist	<u>Wrist Pivot –</u> Elbow tucks in feet come together. Movements become smaller child still using palmer grip
Pencil Grip	<u>Palmer Supernate Grip</u> Using two musicles in their hand four fingers around the tool thumb on top	<u>Digital Pronate Grasp –</u> child releases one finger and points it down then uses their finger to manipulate the tool with a right angled wrist	<u>Static Tripod Grasp –</u> Thumb is at the back, four fingers at the front. Child rocks the tool between the thumb (inverted – 2 fingers behind also)	<u>Dynamic Tripod Grasp –</u> 3 <sup>rd</sup> finger also behind. Child uses their knuckles to manipulate. Child uses a triangular grip.
If a child is showing good formation but bad grip practitioners will encourage children to change or interventions will be implemented.
